"We would just like to take this opportunity to say thank you for all your hard work in helping us buy our home, it is very much appreciated, you've helped us settle into Australia, and there's smiles all round this end. You made it very straight forward for us, and smoothed over what seemed like a hard road, and for that, we are ever so grateful. If we're ever in need of mortgage advice again, we'll be sure you're our first point of call, after all, we've got to keep you provided with challenges. Also, we would wholeheartedly recommend you to people, and will point them in your direction at every opportunity. Once again, thank you Warmest Regards Ken, Anja, Chloe, Torin and the bump"

Ken and Anja are Temporary Residents on 457 visas who had been declined by several banks and brokers. MAP arranged approval for Ken and Anja to 95% LVR in July 2010.

"After being told by several mortgage brokers that we would be classed as high risk due to my partner not yet being a permanent resident, we were nearly ready to give up! Then I came across this website and contacted Craig! He has been brilliant and we should be moving into our new home within the next few weeks! It has been only a couple of weeks since I first contacted Craig and now everything is complete. He knows his stuff and has been so helpful. Very fast at responding to any queries I have had (and there have been many as I'm new to all this). He has made the whole process so much less daunting. Thanks so much Craig! Will definately be using you in future!"

Jo is an Australian Citizen buying with her partner who was on a temporary resident visa. MAP arranged a 90% Mortgage for Jo and Stuart after they had been declined by other providers.
